Durable Appliances Debuts ElectroZoom XL Vacuum

First Industrial-Strength Consumer Vacuum Brings Enhances Breathing in Homes

CAMBRIDGE, Mass. – June. 12, 2023 – Durable Appliances Corp., the leader in the industrial appliances market, today debuted the EZXL, the first industrial-strength consumer vacuum cleaner. This EZXL permits health-conscious families to clean their homes thoroughly and easily.

GermStat, EZXL's HEPA-certified hypoallergenic cleaning system, removes 99.7% of particles as small as 0.3 microns, mitigating asthma and allergy symptoms. The electrostatic microfilter removes dust and pet hair, among other irritants, and leaves no after-dust behind.

The EZXL can also operate cordlessly, allowing users to move freely while cleaning. When fully charged and unplugged from its 25' electrical cord, the EZXL operates for 30 minutes on high power, 45 minutes on medium power,

Top Takeaways

- The first industrial-strength consumer vacuum cleaner
- GermStat filters out dust, pollen, pet hair, and other irritants
- Available at Walmart, The Home Depot, Amazon.com, and www.durableapp.com/electrozoo-m-xl

and 60 minutes on low power. The EZXL's unique cordless operation feature allows one to clean any spot in their home, regardless of the availability of power outlets.

“We are thrilled to release the EZXL, the first industrial-strength consumer vacuum,” said David Evans, the vice president of marketing. “Its hypoallergenic cleaning system, and its easy-to-use features, make it perfect for health-conscious families or individuals that wish to have cleaner homes. Whether one wants to have a cleaner home or even if they just want an efficient vacuum cleaner, the EZXL will allow them to clean hard and breathe easy.”

Comfortable, Safe, and Efficient Cleaning

The EZXL sports a broad range of features that allow for comfortable, safe, and efficient cleaning. Some of such features include:

- **EasyReach Handle** – The EZXL features a 46” long pistol grip handle. This extra-long, orthopedically-designed handle telescopes out to clean hard-to-reach places.
- **UltimateUltraWave (U2Wave)** – U2Wave kills 90% or more of pathogens using its unprecedented ultraviolet germicidal radiation system. This allows an owner to have cleaner surfaces and cleaner air.
- **Pop-N-Go** – The EZXL also includes a detachable quick-release cordless vacuum called the Pop-N-Go. This vacuum is used to clean smaller spaces, such as stairs or the inside of one’s car.

Pricing and Availability

The EZXL is available for \$675 MSRP from leading retailers including Walmart, The Home Depot, Amazon.com, and durableapp.com/electrozoom-xl. A 12-month warranty covers parts and labor. Optionally, one can include an attachments package for an additional charge.
